DOCKET S036483
VANCOUVER REGISTRY

SUPREME COURT OF BRITISH COLUMBIA

BETWEEN:

SOVEREIGN¹ HEREDITARY CHIEF ©CAPILANO™ of the Squamish™ Nation

PLAINTIFF

AND:

HER MAJESTY THE QUEEN IN RIGHT OF THE PROVINCE OF BRITISH COLUMBIA AND THE
ATTORNEY GENERAL OF CANADA et al

DEFENDANTS

AFFIDAVIT

WHEREAS:

A. PLAINTIFF: I am known by name as Sovereign Hereditary Siam/Chief: Kiapilano™², Creditor, Surety, Agent acting in full capacity as Author of the Trademark³ Copyright Autograph for CHIEF ©CAPILANO⁴ in any style of cause. I am the gatekeeper of the West for the Pacific coast of my Squamish™ Nation Lands and Natural Resources on lands known in Admiralty/Maritime jurisdiction as corporations “BRITISH COLUMBIA” and “CANADA”. I have personal knowledge of the matters and facts hereinafter and do HEREBY ATTEST THAT:

B. As the eldest, surviving male of my father, George-Johnston: Capilano™ and Sovereign head of the ©Squamish™ Nation, the ‘royal’ hereditary DNA of my Family Name runs through my body, mind and spirit as Sovereign Hereditary Chief Kiapilano™. As the Sovereign Hereditary Chief of the Squamish™ Nation Lands and Natural Resources, I declare my right, position and title as a sovereign man of natural inheritance from my natural grandmother, Josephine: Capilano™ to name my father, George-Johnston: Capilano™ in her Last Will and Testament of September 20, 1923.

C. JURISDICTION: From the John Bouvier’s Revised Sixth Edition, 1856 A Law Dictionary, “Once jurisdiction is challenged, the court cannot proceed when it clearly appears that the court lacks jurisdiction, the court has no authority to reach merits, but, rather, should dismiss the action”. Melo v. US, 505 F2d 1026. I claim Common law jurisdiction understood by the Europeans as natural laws of the land for the people by the people and laws of the Squamish™ Nation longhouse laws by estoppel by Final Order and Equitable Remedy by Estoppel.

¹ Sovereign is a state of being higher than “Royalty” defined by colonial European language. I have below me over 200 hereditary Chiefs in right of claim on Turtle Island. Together as all Hereditary Chiefs and Landlords of these Lands, we stand as strong spirits and souls like, arrows in a bunch that can not be broken despite the many years of abuse and agenda of genocide orchestrated by the Governments who operate from alien jurisdiction.

² The title of my Name is not clear as INAC crossed my Family Name out of history books to deliberately provide lies about my True Heritage and genealogical claims to the Squamish™ Nation Lands. As a True member of the Red Race, the word “chief” does not exist because the “white race” has created this title to make True Red Originals from the Lands believe the Corporate Elite from alien jurisdiction words that steal, kill my people and destroy our Squamish™ Nation Lands and the future for our children. History proves that the Corporate Elite will continue with this destruction until the True claims of the Red Race are issued, spoken, felt, heard and seen. The Word ‘Siam’ is closer to the true correct traditional description title of my Family Name.

³ Trade-mark: a fancy name, or trade name, or the name of an individual or firm. The Compact Edition of the Oxford English Dictionary, ©1971 Oxford University Press, p3371

⁴ This English/European spelling of my Family Name is used to steal my first right of lien claim title over the Squamish™ Nation lands, people and natural resources in a deliberate attempt to remove me from my inherent right to self governance over the Nation, lands and natural resources. I lay first claim to the title of the Squamish™ Nation lands and natural resources as it is my tax free, rightful inheritance to do so in the name of Peace.

NOW THEREFORE with Valuable Security⁵ and in consideration of this Canada Postage stamp affixed to this APRIL, 2008 AFFIDAVIT #1 receipt and sufficiency of which is hereby accepted and acknowledged, and I make the following declarations, attestations conscientiously believing them to be true, and knowing that it is of the same force and effect by virtue of the Canada Evidence Act (a), TAKE NOTICE THAT:

1.0 FAMILY NAME: My natural Father's Name is George-Johnston: Capilano but when INAC (Indian Northern Affairs Canada) issued a Status card to me, my Father's last Name Capilano was crossed out in black ink by someone pursuant to INAC's agenda to commit genocide against me and my First Nation people. As Names are changed so are hereditary claims to the lands, stolen from the true landlords of the Lands. Until the Landlord wakes up and claims his/her rightful heir to Title from the Trustees, the Queen of ENGLAND and the King, HOUSE OF THE ROTHSCHILD. My claim of my True Family Name by a notarized Statutory Declaration served by registered Notice #247-613-620 to INAC and other Civil Servants in service to CORPORATIONS BRITISH COLUMBIA AND CANADA on December 19, 2007. My Name is not Gerald Fred Johnston. I know who I Am as I Am Who I Am known by the True Family Name of Sovereign Hereditary Siam/Chief Kiapilano™ of the Squamish™ Nation, lands and natural resources. I would be more than pleased to provide a copy of my grandmother's Last Will and Testament upon request for a fee.

2.0 STATUTORY DECLARATION: Attached as Exhibit "A" to this Affidavit is my Statutory Declaration, to confirm my Statement and Claims pursuant to the Truth in the Name of Peace on Earth/Gaia.

3.0 NAMED DEBTORS: The Named Debtors to this action are described in my Affidavit #2 in the Bill of Costs for the Plaintiff and available for viewing at the Vancouver Court Registry, 800 Smithe, Vancouver, BC.

4.0 COMING INTO FORCE: THIS fiduciary interest acceptance by Sovereign Hereditary Chief Kiapilano™, Creditor, Secure Party, Agent, Author of Copyright Name, Trademark Claim autograph for CHIEF ©CAPILANO in any style of cause, seals this lawful instrument with due diligence as evidenced by my flesh and blood autograph, receipt and sufficiency of which is hereby acknowledged and accepted, to exercise my right to live free without malice aforethought, ill will, vexation or frivolity, without corporate dictate, I declare the aforesaid to be True. DATED this 21 day of April, 2008 on Squamish™ Nation lands of supreme jurisdiction, tax free, usury free and inflation free on Turtle Island lands known by name as that land mass of the North American Continent. Hiyshka/thank you,

WITNESSED BY ME in the City of New Westminster in the Province of British Columbia, this 21 day of April, 2008.

5.0 STATEMENT OF CLAIM - A PROMISE MADE: By me, the Sovereign Hereditary Siam/Chief Kiapilano™ of the Squamish™ Nation, as a traditional hereditary individual living under customary Squamish™ laws taught to me by my great forefathers to protect the future of my natural father George-Johnston: Capilano and natural mother, Edith-Marguerite: Flores, their children, my children and grandchildren. This legacy is what my great grandparents left for me, my children, grandchildren and the future of my Squamish™ Nation people. My responsibility is to make sure that our customary laws will always be respected and protected. Our Nation's tradition to drum is to offer the rhythm of the ocean as Earth's heart beat and so we give thanks to the food that nurtures the spirits and souls of all living things. I have a big responsibility to protect this Squamish™ Nation Territory, her animals and natural resources for the future of seven generations by defending the Squamish™ traditional lifestyles to be sovereign/tax free and right to free travel, customary laws from being violated and disrespected by individuals who do not respect our customs. As we honor our self governance over the ancient teachings of self healing medicines, the right to hunt, to fish, to speak in our Squamish™ language and travel freely. No one has a right to take my Family name without my written consent as our customary laws are meant to live in harmony on this Land with each other in the Name of Friendship. It is when individuals living in our community who violate and disrespect our customs, that the spirit of peace is broken. Despite written Evictions and Registered Notices to stop the genocide against my people and stop privatizing Mother Earth's natural resources, the crimes from alien jurisdiction Bonded administrators continue. The privatization of natural resources on stolen lands described in Treaties or Documents of Title created in CORPORATE FICTION jurisdiction have no force or effect for they are fraudulent papers of commerce. Named individuals who continue to remain silent to my served papers and dishonor my Family Name and Squamish™ traditional longhouse laws despite my suggestions to meet in the Name of Peace are instructed to leave my Squamish™ Nation Territory on the Pacific Coast of Turtle Island forever.

THIS fiduciary interest acceptance by Sovereign Hereditary Siam/Chief Kiapilano™, Creditor, Secure Party, Agent, Author of Copyright Name, Trademark Claim autograph for CHIEF ©CAPILANO in any style of cause, seals this lawful instrument with due diligence as evidenced by my flesh and blood autograph, receipt and sufficiency of which is hereby acknowledged and accepted, to exercise my right to live free without malice aforethought, ill will, vexation or frivolity, without corporate dictate, I declare the aforesaid to be true. DATED this 21 day of April, 2008 on supreme Tax Free Squamish™ Nation jurisdiction on Turtle Island lands known by name as the American Continent.

Charter – International Bill of Exchange (IBOE) or Bill of Exchange Act (BOEA)

10. Directors of USSBCG™ collectively agreed to adopt and credit the explanation of the IBOE and/or BOEA from the source described below because the latest versions of this Canadian Act presented on the internet are confused by Admiralty/Maritime jurisdiction legal ease. We understand that Allied Irish Banks p.l.c. 2000, AIB Trade Finance Services is a part of Allied Irish Banks p.l.c. Registered in Ireland: Registered Number is 024173. Allied Irish Banks p.l.c. is regulated by the Financial Regulator, Registered Office: Bankcentre, Ballsbridge, Dublin 4, Ireland, its Bill of Exchange Act definition is simple and easy to understand, therefore its adopted as the Charter to USSBCG™:

“A Bill of Exchange is one of the key financial instruments in International Trade. The laws regulating Bills of Exchange in different countries come under two different legal spheres of influence:

- ✚ Bills of Exchange Act (1882) - United Kingdom
- ✚ Geneva Conventions of 1930

The Bill of Exchange is defined under these systems as follows:

Bill of Exchange Act (1882) - United Kingdom

"A Bill of Exchange is an unconditional order in writing, addressed by one person to another, signed by the person giving it, requiring the person to whom it is addressed to pay on demand or at a fixed or determinable future time a sum certain in money to or to the order of a specified person, or to bearer".

Convention providing a uniform law for Bills of Exchange and promissory notes (Geneva, 1930) The League of Nations.

Under Article 1 of the above convention a Bill of Exchange must contain:

1. The term "Bill of Exchange" inserted in the body of the instrument and expressed in the language employed in drawing up the instrument.
2. An unconditional order to pay a determinate sum of money.
3. The name of the person who is to pay.
4. A statement of the time of payment.
5. A statement of the place where payment is to be made;
6. The name of the person to whom or to whose order payment is to be made;
7. A statement of the date and of the place where the bill is issued;
8. The signature of the person who issues the bill.

The Parties to a Bill of Exchange - definitions:

(1) The Drawer - Is the party that issues a Bill of Exchange in an international trade transaction; usually the seller.

(2) The Drawee - Is the recipient of the Bill of Exchange for payment or acceptance in an international trade transaction; usually the buyer.

(3) The Payee - Is the party to whom the Bill is payable; usually the seller or their bankers.

Most countries have adopted codified laws on Bills of Exchange. The legal codes in such countries have created laws that follow the rules agreed at the Geneva Conventions in order to standardize the control of Bills of Exchange. The United Kingdom Bills of Exchange Act 1882 is the basis for rules governing Bills of Exchange in Ireland, U.K. and Commonwealth countries that were part of the British Empire. These countries follow a common law framework to create and modify statutes.

In relation to the most fundamental aspects of a Bill of Exchange the two sets of rules are similar in that both identify the following:

1. A Bill of Exchange is an unconditional order to pay a specific amount of money.
2. The Bill of Exchange must state a particular time of payment.
3. The Bill of Exchange must contain the name of the person who is to pay.

There are, however, certain differences between the Bills of Exchange Act (1882) and the Geneva Convention. In particular the United Kingdom Act sets out fewer formal requirements for example:

- ✚ The term "Bill of Exchange", which is an integral part of the physical Bill according to the Geneva Convention, need not be written on the Bill.

- ✚ Bills can be made payable to 'bearer'.
- ✚ The place and date of issue are also not obligatory parts of the Bill.

The United Nations Commission on International Trade Law (UNCITRAL) is at present trying to harmonize the laws.

The function of the Bill of Exchange in International Trade;

1. Facilitates the granting of trade credit in a legal format by permitting payments on agreed future dates.
2. Provides formal evidence of the demand for payment from a seller to a buyer.
3. Provides the seller with access to finance by permitting them to transfer their debts to a bank or other financier by merely endorsing the Bill of Exchange to that bank or financier.
4. Permits the banker or financier to retain a valid legal claim on both the buyer and the seller. In certain circumstances a bank or financier may have a stronger legal claim under a Bill than the party that sold them the debt.
5. Permits a seller to obtain greater security over the payment by enabling a bank to guarantee a drawee's acceptance (guarantee to pay on the due date) by signing or endorsing the Bill. (See Guaranteed Bills of Exchange below)
6. Allows a seller protect their access to the legal system in the event of problems, while providing easier access to that legal system.

The Bill of Exchange in international trade: A Bill of Exchange can either be payable immediately or at some future date;

- ✚ If a Bill is payable immediately, it is usually issued payable at sight. The term "at sight" means that a buyer should pay once they have sighted the Bill, that is once the demand for payment has been made.
- ✚ If a Bill is payable at some future date, it must facilitate the calculation of the actual due date. For example Bills of Exchange may be drawn payable at 60 days sight, at 60 days from Bill of Lading Date etc.

Guaranteed Bills of Exchange: To provide greater payment security a seller may look to have a Bill of Exchange guaranteed by USSBCG™. A guaranteed Bill of Exchange is one drawn on and accepted by the buyer and to which, the buyer's bank has added its guarantee that the Bill will be paid at maturity. The security to a seller comes from a bank giving an undertaking to effect payment on a certain date regardless of the financial standing of a buyer on that date.

Financing Options with Bills of Exchange: The ability to negotiate or discount Bills of Exchange can be an extremely important source of finance in international trade. The Bill of Exchange can provide easier access to financing because it enables the financing bank to retain a claim on all parties to the Bill. In addition parties that finance Bills of Exchange can, in certain circumstances, obtain stronger rights than the party transferring the Bill to them. Bill discounting may provide access to finance rates lower than the overdraft or loan rate the seller could normally obtain.

Negotiation Facilities: The negotiation of a Bill is the transfer of the rights under a Bill from one party to another for value. Some banks will negotiate Bills for a customer by purchasing Bills from them for value. For example, the bank credit will advance 75% of the face value of the Bill and upon receipt of the proceeds will clear the advance together with any accrued interest on the advance. Negotiation facilities can be used to finance Bills payable at sight or Bills payable at a future date even before they have been accepted. Negotiation facilities are normally granted with full recourse to the seller.

Bills Discounting with recourse: Discounting of a Bill of Exchange can only occur once the Bill has a definite maturity date in the future and the buyer has accepted it. Discounting differs from negotiation in that the

bank will calculate the net present value of the face value of the Bill utilizing a cost of funds interest rate and a margin. The net amount so calculated is then advanced to the seller. Upon receipt of the proceeds from the buyer at maturity, the bank will clear its Bills discounted account. This finance is provided with recourse to the seller by the bank.

Bills Discounting without recourse: Similar to with recourse Bills Discounting, except that the financing bank will waive its rights of recourse to the seller. This can occur when the Bill is guaranteed by another bank, or where the buyer has a very strong credit standing or rating.

✚ All financing facilities will be subject to credit approval by USSBCG™.”
